Hipsters and funksters still love shooting pictures with film; I was driving to Costco, waiting for them to be processed, burned to a disk The best I could do was convert them to black and white. But for cents, I have the same function on my iPhone Hipstamatic app, and the results are instantaneous.

It is instead a deliberate choice of renouncing electronic technology, thereby calling into question the common assumption that computers, as meta-machines, represent obvious technological progress and therefore constitute a logical upgrade from any older media technology - much in the same way as using a bike today calls into question the common assumption, in many Western countries since World War II, that

the automobile is by definition a rationally superior means of transportation, regardless of the purpose or context. This free app lets you use your pictures to make a public photo album with your friends, across multiple phones.

While I agree with much of what was said, the author makes sure it was delivered in a way that is not as clear as it could be.

In essence, all new products have to pass through the life cycle known as the law of diffusion of innovation. The People's Royal Wedding album is the place to share your snaps, whether they're pictures of you gawping at the royal procession on The Mall or raising a celebratory pint or two down the pub with your chums.

Research on hipsters posited as a sense of ironic wit as a key characteristic. Do

worry though, these aren't just the preserve of cameraphones. It can also be a fantastic way to get earned media particularly if you have sponsor money to spend.
