Have you been looking for the perfect pretty font to use on a new set of tote bags to give away to clients? Even in industries where regulations limit competition, there is growing pressure from big-bang disrupters homing in on large-scale inefficiencies. When the wildly popular file-sharing service Napster was stopped dead in its tracks by litigation, infor example, recording industry executives breathed a deep sigh of relief, comfortable that they could now ease into digital distribution on their own timetable.
