Lake Okeechobee Watershed Restoration Project The Lake Okeechobee Watershed Restoration Project located north of Lake Okeechobee is intended to provide additional storage to improve the quantity, timing, and distribution of flows into Lake Okeechobee to reduce the occurrence of extreme high and low water levels, improve systemwide operational flexibility, reduce high-volume estuary discharges, increase the spatial

extent and condition of wetland habitat, and increase available water supply M. If you own your own kayaking gear, get ready to return again and again to the lakes and narrows of this waterway . PatriceGrahamonJun27thHeadtorch : I would never travel without a headtorch.
