Aladdin is a street-wise thief that finds himself under the tutelage of a world-renown illusionist. From the imagination behind the award-winning Ministry of Peculiar Occurrences series comes a steampunk novella to a legend from A Thousand and One Arabian Nights. No, cancel Yes, report it Thanks! The one major issue I had with the novella is it's a Kindle Edition 40 pages. If Morris had taken the Aladdin story as the foundation, added a lot more colorful characters and sent the story off into other directions, we could have had a hit .

Well, I am fortunate enough to be the proud owner of an original edition... Please be glad to hear you read Aladdin, and enjoyed it. Merry Christmas, Verity Fitzroy.
